Is Milo™ software updatable?

Team - 2023-06-05 - Product FAQs

Yes! You can update Milo™ via the Milo™ mobile app for iPhone and Android. We will release not only bug fixes but also significant new features via regular software updates and your Milo™ will continue to get better over time. New software features, such as long-range mode, will not require any additional hardware purchases. Software updates will be available via the Milo app, free from the Apple App Store or Google Play Store.
